Field Trip Announcement and Registration Form

Seismic Hazard of the Range Front Thrust Faults Northeastern Santa Cruz Mountains/Southwestern Santa Clara Valley Saturday, March 27, 2004

The AEG San Francisco Section Spring 2004 field trip will explore the thrust fault system along the northeastern topographic range front of the Santa Cruz Mountains. The primary objectives of the field trip are to provide a forum for discussion of the fault hazard, and to compile recent published and unpublished fault data for the thrust system in a field trip guidebook. The field trip will start near the south end of the thrust system in Los Gatos and work up the Peninsula to near San Bruno. Field trip co-leaders include Glenn Borchardt, Tom Bullard, Steve Connelly, Reid Fisher, Jim Hengesh, Christopher Hitchcock, Drew Kennedy, Bob McLaughlin, Ron Rubin, Ted Sayre, and John Wakabayashi. Field trip guidebook contributors include Jim Baker, Mike Cleary, Bob Wright, and Mary Lou Zoback.

The cost of this all-day field trip is \$60 per person for AEG members and \$65 for non-members. This includes transportation (vans), a field trip guidebook, and refreshments. Morning bagels and coffee will be provided by Cotton, Shires & Associates. Please note that participants should bring a bag lunch.
